

Flaming Geyser Flyers Meeting
February 9, 2010
Round Table Pizza---Kent

6:30-----pizza selection and purchase

6:40-----meeting called to order by Dave Temby (president) ---there were 19 persons present--all members introduced themselves---the minutes for January were read by Robert Burks (secretary) ---the minutes were approved and accepted as read

6:50-----general discussion---an irrigation box has been made available to replace the current box---Al Padrta has donated a fallen cedar tree to be used for fence posts---it was suggested that raffles at the club meeting would increase attendance---concerns about safety at the field might require additional safety fencing to be placed near the cedar fence to discourage movement through the present fence by dogs, children or adults---the park's present policy will not allow more than 50 cars in the park at one time---it was suggested that the use of APC props (as opposed to Master Airscrew) might reduce the sound (decibel levels) problems at the field

7:00-----announcements---Museum of Flight static display (Nov. 7); Northwest Hobby Expo (Feb. 12, 13, 14); McMinnville swap meet (March 13); SeaTac Angle Lake Park float plane fun-fly (June, 27); May Town Lake Float Fly (no date)

7:10-----show and tell---Ken Murdock lead a discussion on turbine powered (liquid fuel and electricity) aircraft---he brought a Jet Cat P60 SE which developed 13 lbs of thrust ---he also brought a Fury Fan electric ducted jet engine which developed 3.6 lbs of thrust

7:35-----meeting adjourned
