

Flaming Geyser Flyers
September 9, 2008
Flaming Geyser State Park---Environmental Learning Center

6:15-----an invitation was extended to club members and guests to enjoy pizza and soft drinks before the formal meeting began

6:30-----meeting was called to order by Dean Brinton (president) ---the park manager (Park Ranger) John Ernster spoke to the group about park growth---he mentioned three specific developments by the park; the development of a fishing station near the west end of the park; the establishment of a zero waste plant (restroom) near the west end of the park; the requirement to close the park when its capacity has been reached (due to fire codes)

6:40-----meeting procedures continue---all members introduce themselves---there were 31 persons present---financial report was given by Allan Poinsett (treasurer) ---safety report was given by Rob Clement (safety coordinator) ---no current violations have been reported---a report by Dave Burdick (field maintenance supervisor) indicates the mower is broken and needs repairs---Darrin Howell (webmaster) continues to improve and update the club web-site

6:55-----old business---Dave Temby (vice-president) will coordinate the development of pre-flight checklists---Al Padarta has repaired the drinking fountain---the heli area fencing repair has been completed---the club continues to look for a meeting place in the Kent or Auburn area---the benches and tables need refinishing before winter---this club has logged over 280 hours of volunteer work at the park---Keith Leifsen (president of the Rams R/C club) says the Rams are actively flying at their present field

7:05-----announcements---the Lake Sawyer Hawks are having a fun fly at their field 9/27---a Maytown Lake float fly date has yet to be established---suggestion for our annual Christmas party are being accepted---our next meeting will be Tuesday October 14 at 7:00 pm

7:10-----show and tell---Dave Temby brought a three meter glider and also demonstrated how to hot iron balsa wood over foam cores using Titebond---Ken Murdock brought an electric F 9

7:15-----raffle and auction by Allan Poinsett and Dean Brinton

7:35-----meeting adjourned
